

Eur Ing JRE Leigh BSc (Hon), CEng, CMIOSH, MIIRSM, FIMMM, MIET

John Leigh is a director of JRL Solutions Ltd, a successful health and safety company, which provides consultancy and training solutions in health and safety management, risk assessment, occupational hygiene, work environment, ergonomics and disability. Originally a mining engineer his background lies in senior, operational positions managing health and safety in high risk environments, which he has always seen as central to business success. His exceptional qualifications are supported by real experience across the broadest range of occupational health, hygiene and safety issues. He has been a senior consultant within an integrated occupational health service providing solutions to government departments and large private companies. He is a NEBOSH accredited trainer for all certificate and diploma courses, an IOSH accredited trainer on all courses and also provides bespoke courses to clients in a wide range of topics. He is both a NEBOSH and IOSH examiner. His engineering and occupational hygiene credentials mean he is well suited to support all those seeking professional qualifications. IOSH has appointed him on the panel to award and confirm chartered practitioner status.
