

NEBOSH International Technical Certificate in Oil and Gas Operational Safety Course Timetable

Day	Morning Session				Afternoon Session			
	0830	1030	1045	1245	1315	1515	1530	1730
		Break		Lunch		Break		
1	Health, safety and environmental management in context <ul style="list-style-type: none"> learning from incidents 		Health, safety and environmental management in context <ul style="list-style-type: none"> hazards inherent in oil and gas 		Health, safety and environmental management in context <ul style="list-style-type: none"> hazards inherent in oil and gas 		Health, safety and environmental management in context <ul style="list-style-type: none"> risk management techniques 	
2	Health, safety and environmental management in context <ul style="list-style-type: none"> risk management techniques 		Health, safety and environmental management in context <ul style="list-style-type: none"> documented evidence necessary 		Hydrocarbon process safety 1 <ul style="list-style-type: none"> contractor management 		Hydrocarbon process safety 1 <ul style="list-style-type: none"> process safety management 	
3	Hydrocarbon process safety 1 <ul style="list-style-type: none"> permit to work systems principles of safe shift handover 		Hydrocarbon process safety 1 <ul style="list-style-type: none"> plant operations and maintenance start up and shut down 		Hydrocarbon process safety 2 <ul style="list-style-type: none"> failure modes other types of failure 		Hydrocarbon process safety 2 <ul style="list-style-type: none"> safety critical equipment controls 	
4	Hydrocarbon process safety 2 <ul style="list-style-type: none"> safe containment of hydrocarbons 		Hydrocarbon process safety 2 <ul style="list-style-type: none"> fire hazards, risks and controls furnace and boiler operations 		Fire protection and emergency response <ul style="list-style-type: none"> fire and explosion in oil and gas industries 		Fire protection and emergency response <ul style="list-style-type: none"> emergency response 	
5	Logistics and transport operations <ul style="list-style-type: none"> marine transport land transport 		Revision Examination technique Achieving a successful outcome		Final preparations Mock examination			

Note: Additionally homework of 1 to 2 hours is set each evening on the syllabus covered that day
